TWELVE CUPCAKES

Started by celebrity couple Jaime Teo and Daniel Ong, this cupcake boutique is where the sweet-toothed go to satisfy their craving for these pretty babycakes. Fluffy and moist, each one goes down a treat. Tailored to suit the Asian palate, Twelve Cupcakes' offerings boast a fluffier, subtly sweet cake and a smooth frosting that keeps well at room temperature, compared to their American cousins. Teo shares her favourites, "I love the fruity flavours such as mango, lychee, apple cinnamon and white chocolate raspberry. Oh, and I absolutely adore the chocolate salted caramel and Nutella cupcakes!" If you're looking to get their Christmas dozen (\$35), call ahead as it's available for pre-order only. #01-52.
